IN THE NAME OF THE REPUBLIC

The French President Congrat-
ulates General Duchesne

And Appoints Him a Grand Officer of the
Legion of Honor For His Services in
Capturing the Capital of Madagascar.
The Names of Those Recommended
For Rewards Asked For

PARIS, Oct. 10.—The minister of war,
General Zurlinden, received a dispatch
from Mojanga to-day confirming the news
previously received via Port Louis,
Island of Mauritius, of the capture of
Antananarivo, capital of the island of
Madagascar, by the French expedition-
ary force, under the command of General
Duchesne.

The official dispatch says that after a
brilliant action Antananarivo was occu-
pied on September 30. Peace negotia-
tions with the Hovas were opened the
next day, and were successfully con-
cluded the same evening by terms being
agreed upon, subject to the ratification
of the French government. General Metz-
ger, second in command of the French
forces, was thereupon appointed governor
of Antananarivo.

The above dispatch was immediately
communicated to President Faure, who
afterwards sent the following cable
message to General Duchesne:

"In the name of France, the govern-
ment congratulates you, your officers
and men. Your admirable troops have
all done well of the country. France
thanks you for the services you have
rendered and for the great example you
have given. You have proved that there
are no perils or obstacles which cannot
be removed by method, courage and
cohesion. You are appointed a
grand officer of the legion of honor.
Forward the names without delay of
those you recommend for rewards, and
the government will propose to parlia-
ment this medal be struck for distribu-
tion to your troops."

Tradition in Madagascar.

LONDON, Oct. 10.—Frederick Turner,
a merchant of Antananarivo, has just
arrived here, and his views have been
sought up the situation in Madagas-
car. He says that foreigners in Ma-
dagascar will welcome a sound French
government provided they be accorded
equal rights with the Frenchmen.
"The country," he said, "must be open
to all comers. Naturally France will
try to improve her commercial relations
with the island, and it is hoped that she
will do so, without making the English,
American or German trade impossible.
America always to be reckoned with,
as the United States government has
not recognized the French protectorate,
and the Americans cannot afford to lose
this important growing market."

IN FINANCIAL STRAITS.

The Congressional Home Missionary So-
ciety Treasury Empty.

NEW YORK, Oct. 10.—The Congrega-
tional Home Missionary Society is in
unusual straits financially. It is in
debt to the \$179,000; its treasury is
empty and much as only \$100,000 of
the indebtedness is secured by collateral,
the banks refuse to advance further
unsecured loans. The salaries of the
home missionaries were due October 1.
Failure to receive that means in many
cases borrow of local banks at the
highest rates of interest.

The society is absolutely dependent
for the timing upon the gifts of
churches and individuals. The present
situation is not only to the hard
times, but the chronic omission of
Congregational churches to take their
missionary offerings in the summer
and early fall. The severity of the
crisis is great temporary.

THE LILY DANCERS.

Their Mother's Death Leaves Them Un-
prepared in Brazil.

NEW YORK, Oct. 10.—Word has been
received from the death of Mrs. Mildred
Regalencia, the mother of La
Regalencia, Gloriosa and La
Preciosa, the child dancers. Mrs.
Ewer's death is sudden, and three
little dancers, their small brother,
a child of four, and a girl, a child of
four, are stranded in Brazil, un-
protected and starving.

Mrs. Ewer is the daughter of the
Rev. Dr. Ewer, Episcopal clergyman
of this city. At the time that La
Regalencia, a child of five, made her
debut on stage at a Sunday
night concert the Standard, Mrs.
Ewer, her mother, made a deter-
mined effort to prevent the child's
appearance.

She went to Gerry, of the Society
for the Prevention of Cruelty to Chil-
dren, and he told the child's appear-
ing in public. There was no
necessity for the child to appear, as
her grandmother offered to educate her
and support her three children if
her daughter would only relinquish the
idea of sending child upon the stage.

Wants thees Dry-docked.

WASHINGTON, Oct. 10.—Mr. Trigg,
president of the Locomotive Works,
builder of the machinery of the
Texas, was in the Navy Department
to-day endeavoring to have the vessel
ordered into dry dock before under-
taking any further work. He says that
the whole trouble in the fact that the
openings along the sea to con-
densors have been closed by a
growth of oystered marine grasses
while the ship lay at the dock and this
is the opinion of engineer officers at
the Department. These apparatuses
are twenty feet below the water line
the ship must be docked to permit the
removal of the obstructions. Meantime
her bottom can be cleaned so that
she may make her showing both in
speed and horse on the trial trip.

Legislative Notions at Petersburg.
PETERSBURG, Oct. 10.—The city
Democratic convention to-night unani-
mously nominated W. P. McRae and
Thomas B. Ivey the State legisla-
ture. Their action is equivalent
to election.

GENERAL MAHONE'S SUCCESSOR.

The Question of Filling His Place on the
National and State Committee.

RICHMOND, Va., Oct. 10.—The Vir-
ginia Republicans are entirely at sea as
to what they will do towards filling the
vacancy in the national and State com-
mittees of their party occasioned by the
death of General Mahone. The Republi-
cans who attended his funeral at
Petersburg yesterday say that there was
no formal conference on the subject.
The matter was not brought up in any
shape. Judge Waddill, who was seen
by a reporter of the Associated
Press this morning, said that the ques-
tion has not yet been considered in any
way. Judge Waddill was under the
impression that the members of his
party would cast their votes for the
"Fair Election" ticket.

Speaking further upon the question
of Mahone's successor, Judge Waddill
said that his impression was that the
Republican State executive committee
will have to call a meeting of the gen-
eral State committee. That committee,
he thinks, was composed of Mahone,
Stith Bolling and Alvin M. Martin, of
Norfolk county, and Messrs. Bolling
and Martin will, he thinks, elect Ma-
honey's successor as chairman of the
State committee.

Judge Waddill said that while he was
in Washington nobody seemed able to
tell how Mahone's successor as mem-
ber of the national committee should be
elected. Ex-Postmaster Russell, who
had been giving much thought to the
subject, thinks the two members of the
executive committee will call a meet-
ing of the general committee and that
committee will elect Mahone's suc-
cessor as chairman of the State com-
mittee, and also choose his successor as
a member of the national Republican
committee. He thinks this must be
done in a short time, as the national
committee has to meet in December.

THE PROPOSED FIGHT.

The Indications Are That the Mill Will
Come Off at Hot Springs.

HOT SPRINGS, Ark., Oct. 10.—Mayor
Waters and Attorney Martin returned
to-day from Dallas, where they secured
the Co-bett-Fitzsimmons fight for Hot
Springs. E. H. Silven, the architect
for the club, also came and Dan Stuart
will arrive Sunday or Monday. In con-
versation with an Associated Press cor-
respondent Mr. Silven said he would go
right to work laying out ground for the
amphitheatre and the Dallas structure
would be moved here in its entirety and
that the big fight would be pulled off at
Whitlington Park October 31.

He further stated that a day and night
force of a hundred men would be put
at work Tuesday and would not stop until
the building is completed. Five hun-
dred thousand feet of lumber is on a
side track at Dallas on the way here
and men are working tearing down the
structure at Dallas. A monstrous
crowd of jubilant greeted the return
of the committee.

Corbett will train at Hot Springs and
will arrive next week. It is not defi-
nitely known yet whether Fitzsimmons
will come here to train, but he probably
will.

West Virginia Town Burned.

CINCINNATI, Ohio, Oct. 10.—The En-
quirer's special from Wheeling, W. Va.,
says three-fourths of the town of
Bayard, W. Va., was wiped out by fire
to-day. The village was without a fire
department, and sent to Cumberland
and elsewhere for relief, but not in time
to save the main part of the town. The
postoffice, six business blocks and thirty
dwellings were burned. Among the
buildings burned was the only church
in the town. The loss is estimated at
\$65,000. The houses were small, and
few of them were of much value, but
the conflagration has left three-fourths
of the town homeless and in suffering
to-night. No lives were lost.

Republican Leaders Speak.

CINCINNATI, Oct. 9.—Over 6,000 people
crowded into Music Hall to-night to at-
tend the Republican mass meeting,
while nearly as many waited outside
unable to get in. The speakers were
Senator Sherman, who dealt with ques-
tions of finance; Governor McKinley,
who spoke of revenue and protection;
ex-Governor Foraker, Hon. Asa Bush-
nell, Republican candidate for governor,
and Hon. Asahel W. Jones, Republican
candidate for lieutenant governor, spoke
on State issues. During the evening
ex-Governor Campbell was given a re-
ception by the Duckworth Club.

The Pope Likes Mr. Cleveland.

ROME, Oct. 10.—The pope to-day
granted an audience to the United
States minister to Austria, the Hon.
Barclay Tripp, and congratulated him
upon the complete freedom of Catho-
licism in the United States. His holiness
alluded to the coming elevation of
Monsignor Satolli, the apostolic dele-
gate to the Roman Catholic Church in
the United States, to the cardinalate,
and made inquiries concerning the
health of President Cleveland, for whom
the pope expressed warm regard.

Damages For Being Rotten-egged.

NASHUA, N. H., Oct. 10.—In the su-
preme court this morning Charles F.
Wright, of Amherst, was awarded a ver-
dict of \$51 against W. W. Goodwin, also
of Amherst, for injury to his feelings as
the result of having been rotten-egged
twice in July. The jury was out nine-
teen hours.

Stay of Proceedings Granted.

GENESEE, N. Y., Oct. 10.—A stay of
proceedings has been granted in the
case of Father Flaherty, under sentence
for outraging a young girl, and the
prisoner was liberated at midnight
under \$10,000 bail, pending an appeal
for a new trial.

Forty Workmen Buried.

COLOGNE, Oct. 10.—A spinning factory
at Bocholt, forty-five miles from Man-
chester, has collapsed and buried forty
workmen in the ruins. Of this number
twelve were killed outright and nine were
seriously injured. The remaining work-
men escaped with slight injuries.

TURKEY REPLIES TO THE POWERS

But the Reply is Not Satisfac-
tory.

The Porte Enumerates the Measures For
Preserving Order and Declares the
Armenians Were the Aggressors in the
Late Riots—The Sultan Wants the
British Fleet Withdrawn—Massacres of
Armenians Elsewhere.

CONSTANTINOPLE, Oct. 10.—Late to-
day it became known that the Turkish
government had finally presented to
the envoys of these powers a reply to
their collective notes on the subject of
the recent disturbances here. This re-
ply, however, is not satisfactory to the
ambassadors.

The porte in its answer enumerated
the measures taken to preserve order
and declared that the Musselmans were
not the aggressors in the recent rioting,
but that on the contrary Armenians
killed innocent Musselmans.

The Turkish government added that
if the Armenian refugees leave the
churches, in which they have sought
refuge, the normal aspect of the city
will be restored. It denies ordering
that no food be supplied to the refu-
gees in the churches, and urges the am-
bassadors to assist in the work of re-
storing order, claiming that the Ar-
menian agitators are intriguing to
cause fresh disturbances. The note
concludes with the assertion that the
government is about to open an in-
quiry into the recent rioting with the
view of discovering the guilty parties.

In view of the unsatisfactory nature
of the porte's reply the six ambassa-
dors met to-day to consider what shall
be done further. It is expected that the
dragomans of the different embassies
will assist the Musselmans in clearing
the vicinity of Armenian churches of
the rioters infesting them and in in-
stalling the refugees in their homes.

The sultan continues to be greatly
disturbed by the presence of the British
fleet off the island of Lemnos, and has
sent again to the ambassador of Great
Britain, Sir Philip Currie, to ask for the
withdrawal of the British warships from
the vicinity to the entrance of Dar-
danelles.

Advices received here from Trebizond,
Armenia, confirm the report that a
massacre of Armenians has occurred
there. It is added that a general panic
prevails in that city. The number of
killed is not known. Nothing definite
has yet been heard from Sivas, Van or
Bitlis, where disturbances between the
Turks and Armenians are reported to
have taken place.

A consignment of 5,000 Mauser
rifles, ordered by the Turkish govern-
ment, arrived here several days ago;
but they still remain on the lighters,
to which they were transferred, as the
bill of the manufacturers has not been paid,
and the agents of the latter decline to
give up the rifles until the money is
forthcoming.

Armenian Refugees Go Home.

CONSTANTINOPLE, Oct. 10.—The Ar-
menian refugees, who took refuge in
the churches at the time of the riot
and who have persistently refused to
leave those edifices ever since, being
fed there with provisions brought to
them by their friends, have been per-
suaded to return to their homes. They
evacuated the churches to-day in the
presence of the dragomans of the em-
bassies of the different powers, who were
present on behalf of their embassies to
insure the safety of the refugees and to
report their arrival at their homes to
the ambassadors.

New Mile Bicycle Record.

HARTFORD, Conn., Oct. 10.—P. J.
Berlo, the professional bicyclist, to-day
made a new record for a mile, flying
start, covering the distance in 1:46.4.5.
The former record was made by Harry
Tyler. Berlo was paced by his new
quintuplet. Charter Oak Park was in
fine condition, but the weather was
rather cool and a strong breeze blew up
the back street. The first quarter was
made in 26, the half in 53.45 and the
three-quarters in 1:30.

A Defaulting Postmaster.

CHICAGO, Oct. 10.—Irving A. Palse,
the postmaster of Glen Ellyn, is a de-
faulter to the government to the extent
of \$1,000 in his money order account.
The amount has been made good by his
friends. Repayment to the government
did not save Palse from arrest. He was
brought before United States Commis-
sioner Humphrey and gave a \$1,000
bond for appearance before the grand
jury. Palse was appointed a year ago.

Mrs. Waller Will Go to Washington.

WASHINGTON, Oct. 10.—The State De-
partment has instructed Dispatch Agent
Bossor at New York to meet Mrs. Wal-
ler and her family when they arrive
there to-morrow on the European
steamer. He will place them on the
Washington train, and it is presumed
that when they arrive here they will be
taken care of by their friends, for at
this point the functions of the State De-
partment end.

An Energetic and Enterprising City.

CINCINNATI, Ohio, Oct. 10.—The board
of trade yesterday appointed a commit-
tee to select an agent to travel in
Mexico and to appoint agents in the
City of Mexico and all the Mexi-
can states to foster trade relations between
Mexico and Cincinnati. The board also
received a letter from the minister of
foreign affairs of Nicaragua saying Cin-
cinnati trade agencies had been ac-
quired in that country by the government.

A Rigorous French Protectorate.

PARIS, Oct. 10.—It is semi-officially
announced that a rigorous protectorate
will be established by France over the
island of Madagascar, assuring to
France the preponderance of the entire
administration. The queen, Rinavalona
III, will be retained but the prime
minister, her husband, Ratsirahony,
will be transported.

NEGROES IN CUBA.

They Outnumber the Whites in the Insur-
gent Armies.

HAVANA, Oct. 10.—After the battle
fought between General Eobaguio, in
command of the Spanish troops, and
General Antonio Maceo, in command of
the insurgents, recently between San
Arriba and San Fernando, in the Hol-
guin district of Santiago de Cuba, in
which the insurgents were defeated, two in-
surgents surrendered with their arms
and subsequently five others gave them-
selves up. The latter included Eduar-
to Alvarez, Maceo's adjutant.

He confirmed the report that Maceo
was wounded and says that he had at
San Rita from 6,000 to 7,000 men.
Alvarez adds that the negro domination
over the whites is intolerable and that
they ill-treat the latter, who are in the
minority, numbering only one third of
the force referred to. The insurgents
have fired upon the Spanish garrison at
Port Cristo, Santiago de Cuba, with the
result that one soldier was killed.

Spain Anticipates Trouble.

MADRID, Oct. 10.—It has been noticed
recently that there is great and quite
unusual activity in the government
dock yards at the different ports of
Spain and that workmen are busily at
work re-fitting cruisers and gunboats.
In addition it has become known that
certain officials have been discussing
the question of arming the steamships
belonging to the Spanish Transatlan-
tic Company, and it is believed that
these preparations are due to the belief
that there is a possibility that the
United States may recognize the Cuban
insurgents as belligerents.

Watching the Florida Coast.

WASHINGTON, Oct. 10.—The attorney-
general has received advices from
Southern Florida and the offshore keys
showing that the government officials
are alert to prevent any filibustering
expeditions leaving that section to
assist the Cuban insurgents. So far as
known, however, no overt acts have been
committed recently. Small bodies of
men are occasionally seen in small
boats headed for some uninhabited
islands, ostensibly on fishing excursions;
but the fact that these islands are
usually on the route taken by Cuban
steamers, renders the actions of the
men at least suspicious and they are
accordingly closely watched with a view
to prompt action in case any demon-
stration is made.

Spain Will Arm the Steamers.

MADRID, Oct. 10.—The minister of
marine, Admiral Beranger, confirms
the report cable to-day to the Asso-
ciated Press that the steamers of the
Spanish Trans-Atlantic Company are
to be armed for service in Cuba, but
he declares that this course is not due to
any idea of a possible international con-
flict, but is merely carrying out a con-
vention previously made with the com-
pany for the use of its steamers.

LOST IN LAKE HURON.

The Steamer Africa Goes Down With All
on Board.

DETROIT, Mich., Oct. 10.—A special to
the Free Press from Stokes Bay, Ont.,
says: Reports indicate that the steamer
Africa, of Owen Sound, is lost with all
on board. Following is a complete list:
Capt. H. P. Lawson, Toronto; Mate
Wm. Anderson, Owen Sound; Chief En-
gineer Hay, Toronto; Second Engineer
Edward Forrest, Toronto; Wm. Mann,
Toronto; John King, Oakville; Miss
Lee, cook, Toronto; two firemen and
two deck hands, names unknown.

The Africa and the schooner Severn,
of Toronto, were on Lake Huron bound
up with coal from Owen Sound last Mon-
day night. When twenty miles off Cove
Island light, both boats were making
bad weather in the heavy northwestern
raging and the steamer lost her con-
sort.

When last seen from the Severn the
Africa was rolling heavily and suddenly
disappeared from view. The Severn
finally fetched up on the beach five
miles north of Loyal Island. She be-
came a total loss. The crew were saved
by some fishermen, after being in the
rigging twenty-eight hours. The Africa's
life-boats and life-preservers were
picked up on the island.

Suicides of Firemen and Coal Patrons.

WASHINGTON, Oct. 10.—The large
number of suicides of firemen and coal
passengers on German ocean steamships,
committed probably in temporary in-
sanity, brought on by intense heat or
overwork, has led the German govern-
ment to examine the subject and to ask
the views of other nations. The com-
missioner of navigation has just com-
pleted an investigation which shows
that during the past five years only
three firemen on the American steam-
ships of the International Navigation
Company, New York and Cuba Mail and
Speckles Oceanic Line have jumped
overboard. The record can probably be
equalled by no other nation and is re-
garded in official circles here as indicat-
ing the excellent provisions for the
health of the engineer force on Ameri-
can ocean steamships.

Wine Production in the United States.

WASHINGTON, Oct. 10.—The French
embassy has received from the interna-
tional wine exhibition at Bordeaux,
France, the second bulletin on the wine
production of the world. It makes the
surprising statement that the United
States is fifteenth in importance among
wine producing countries, being pre-
ceded by Chili, Roumania, Serbia,
Greece, Argentina Republic, Switzer-
land and other small countries, besides
the great centers of wine production.
It also brings out the keen contest be-
tween France and Italy to control the
American market. The Italian govern-
ment has established a wine station at
New York, where the American taste
for flavor, etc., is consulted and reported
to Rome.

Trial of Col. A. B. Colt.

CINCINNATI, Ohio, Oct. 10.—After an
examination of seven witnesses in the
case of the State against Col. A. B.
Colt, the State rested its case this
afternoon. The examination of wit-
nesses for the defense will be com-
menced next Monday.

HARD ON GENERAL SCHOFIELD

Judge Bradley Discharges Cap-
tain Armes From Custody,

And in the Opinion Rendered Says the Ar-
rest, Without Any Antecedent Charge
of Crime, is Unjust, Arbitrary, Tyrann-
ical and Capricious, Whether He
Acted as Lieutenant-general or as
Secretary of War.

WASHINGTON, Oct. 10.—Judge Brad-
ley, of the District supreme court, to-
day ordered the discharge from custody
of Capt. Geo. A. Armes, who was ar-
rested on the order of Lieutenant Gen-
eral Schofield just prior to the latter's
retirement from command of the army,
for having written him an insulting let-
ter. Judge Bradley scored the action
of the late general of the army, charac-
terizing it as unlawful, tyrannical and
capricious. Judge Bradley says:

"The arrest and taking away of Armes
into custody, carrying him away from
his home to barracks, and holding him
in close arrest without any antecedent
charge of crime preferred in any way
against him, was and is unjust, un-
lawful, arbitrary, tyrannical and capri-
cious on the part of General Schofield
in whatever capacity he acted, whether
as lieutenant-general or as acting Sec-
retary of War. The petitioner is dis-
charged."

The judge then went into the matter
at considerable length and said:

"No charge was preferred against
Armes at the time of his arrest; no
crime has been charged since and for
the offense alleged no arrest was neces-
sary. The arrest and confinement were
unlawful and oppressive. As the offense
charged would, upon substantiation, re-
sult only in reprimand, suspension or
dismissal, the possession of the body of
the accused was not necessary to carry
out the charges, as would have been the
case if imprisonment or death was to be
the sentence."

Speaking of the President's power in
army matters, the judge said:

"The President of the United States
is commander-in-chief of the officers of
the army on the retired list. This
function of the chief executive, how-
ever, is unaccompanied by harassing or
weighty responsibilities. His title of
commander-in-chief, so far as it relates
to retired officers, is shown of all power
to impose duties, and appears to be an
empty name."

The judge advocates general's office of
the War Department has determined to
take an appeal from the decision of
Judge Bradley. This will carry the
matter to the court of appeals of the
District of Columbia. The War De-
partment officials were naturally much dis-
appointed and chagrined at the decision
of Judge Bradley.

Secretary Lamont refused to say what
his purpose was, but it is inferred in
view of the breadth of the decision that
no attempt will be made to try the cap-
tain by court-martial, pending action
of the appellate court upon the appeal.
The case has outgrown its original im-
portance in view of the court's action
to-day, and now becomes of absorbing
interest to all the army, involving, as it
is said to do, the whole question of the
amenability of retired officers to disci-
pline.

Virginia Good Roads Convention.

RICHMOND, Va., Oct. 10.—The good
roads Convention of Virginia met here
to-day and was largely attended by de-
legates from all parts of the State. Hon.
A. B. Munford presided. Addresses
were made by Messrs. E. G. Harrison,
of New Jersey, and Gen. Roy S. Stone
and others. The political feature of
the session was the appointment of a
committee of ten, from each Congres-
sional district, to report to the meeting
to-morrow ways and means for the im-
provement of the public roads of Vir-
ginia. This committee will report to
the convention to-morrow a series of
bills.

Both Must Respect the Laws.

CITY OF MEXICO, Oct. 10.—The police
and judicial authorities at Gaudaloupe
announce that they will compel the
Catholic and Protestants alike to re-
spect the reform laws. Pilgrims will
not be allowed to carry religious ban-
ners nor wear insignia in public. If the
missionaries desire to promote the wor-
ship of the Virgin of Gaudaloupe by
means of the circulation of literature they
will be amply protected, and the
Protestants no more than the Catholics
may organize religious demonstrations
in public streets.

Protection For Agricultural Products.

ST. LOUIS, Mo., Oct. 10.—The Mis-
souri State Grange, in annual session at
Warrenton, has adopted resolutions de-
manding the protection of agricultural
products by an export duty as a right to
which farmers are entitled as long as
protection is given to manufacturers.

Warships Will Remain.
